Dear CACHE Challenge #2 applicant,

Based on the peer-reviews that your application received from other applicants, the final application review panel is happy to invite you to participate in this second CACHE challenge.

Details on the distribution of aggregated scores for all applications is attached and you can access the double-blind peer reviews for your application by logging in to Applicant Login at <https://cache-challenge.org/>.

Further Information is provided in the attached pdf document. Please submit your selection of compounds by November 27th 2022.

We will send you the list of all compounds selected by all participants in December, and you will be asked to predict actives from this merged selection 2 months after that (the exact date will be provided later). Participation in this second step of the challenge is mandatory.

We hope you will apply to CACHE #3 in the fall!

Kind regards,
CACHE
